Agreement of Cooperation
Between
Specific College State University
Address, USA
And
International University
151, University Rd., San Shia, Taipei, 237 Taiwan

Purpose of Agreement: To promote cooperation between Specific College State University in USA and International University in Taiwan, the parties agree to the following:

The two institutions shall decide through consultation the specific areas and details of cooperation within the framework of this agreement. Future areas of cooperation may include exchange of faculty members, exchange of students, joint research activities, participation in seminars and academic meetings, and exchange of academic materials and information.

Currently, however, the agreement is limited to International University (IU) students studying for one semester or an academic year at Specific College State University (SCSU) under the following terms:

1. Participating students under the terms of this agreement shall be enrolled as non-degree seeking students at SCSU for a period not exceeding twelve months. Credits may be transferred back to IU.
2. IU will pay tuition and other related fees on behalf of participating students at the current in-state tuition rate. The tuition will be provided to the students as a scholarship. SCSU will invoice IU at the appropriate time.
3. Purchase of the SCSU health insurance policy is mandatory, and will be paid by students upon arrival at SCSU.
4. Students must have a GPA of 3.0 on the 4.5 scale and have achieved a TOEFL score of at least 500 on the paper-based test or 61 on the internet-based test.
5. Officials at IU agree to select students who are academically and emotionally qualified. However, SCSU reserves the right to make the final admissions decision.
6. The two institutions will decide on the number of students participating each semester, so that NTU can establish recruitment procedures.
7. Participating students are subject to the admissions' regulations, including language proficiency, class performance standards, and student conduct policies of Minnesota State University Moorhead. Upon consultation with appropriate officials, students who fail to abide by the rules and regulations of the host university can face disciplinary action including dismissal from the institution.
8. While at SCSU, students will take courses as approved by their home institution. SCSU officials will make every effort to secure placement in specific courses. However, it is understood that the host institution cannot guarantee placement in a specific course. Academic advising will be provided to students.

9. Upon completion of the program, IU students file a request with the records office for a transcript of their grades, which will be sent to IU as soon as is practicable.
10. SCSU will make reasonable efforts to assist participating students in finding suitable accommodation. Such accommodations shall be paid by the students personally.
11. Students are responsible for their own expenses over and above the tuition and fees paid by IU.
12. SCSU agrees to expedite application procedures and send the necessary documents for the acquisition of student visas in a timely manner. SCSU will also provide airport pickup in Minneapolis, MN or at the local bus station and an orientation program to assist students in adapting to the host institution and community.
13. This agreement shall be effective upon approval by both parties from the date of signature and shall remain in effect for three years. Thereafter, the agreement shall remain in effect until either party terminates it by giving at least six months' notice.
